ACCREDITATION AND QUALIFICATION

MyCSM MySEF Malaysian Security Evaluation Facility

STANDARDS MALAYSIA ACCREDITED

MS ISO/IEC 17025 TESTING SAMM NO. 856

ISO/IEC 27001:2022
INFORMATION SECURITY MANAGEMENT SYSTEM

This is an attestation that **D-Link Corporation (D-Link)** has engaged TÜV AUSTRIA Cybersecurity Lab Sdn. Bhd. (TACSL) to embark on ISO/IEC 27001:2022 Information Security Management System (ISMS) certification audit.

The Certification Audit has been completed on **09 October 2026**, and the audit team recommends the following action considering the results during the audit activities:

- ☒ Granting the certification.
- ☐ Maintaining the existing certification.
- ☐ Extending the scope of the existing certification.
- ☐ Not granting the certification until the major nonconformities are closed out.

As of **09 October 2026**, TACSL is preparing the certificate for **D-Link**'s compliance with ISO/IEC 27001 for the **Year 2026**. TACSL shall provide the official certificate should the certification body have completed the review and verified **D-Link**'s compliance with ISO/IEC 27001.

Note:
The consent of this letter does not assure that the certificate will be approved, as the certification body retains the authority to make the final decision.

Signed by:

T. Ger TENG

Name: **Mr. Tiger Teng**

Designation: ISMS Lead Auditor

Date: Wednesday, 14 October, 2026
